

PROJECT INTERVENTION LOGIC

How to track the project intervention logic back to the programme intervention logic
from project activities to programme specific objective

FROM ACTIVITIES TO OUTPUTS

Example of project activities

Example of project deliverables

Example of project outputs

- A.1.) Networking cross-border activities
- A.2.) Training activities for health/social workers in cross-border area
- A.3.) Health and social services implementation in cross-border rural areas

- D.1.1. Networking platform developed (1)
- D.1.2. Meeting of platform members (3)
- D.2.1. Training programme manual developed (1)
- D.2.2. Trainings for health/social workers organised (5)
- D.3.1. Health mobile teams formed (2)
- D.3.2. Mobile teams carrying out services in cross-border rural areas (24)

- 1.) 1 cross-border and inter-health network established
- 2.) 30 health/social workers trained in cross-border area
- 3.) 500 persons from rural areas covered by health/social service

FROM OUTPUTS TO INDICATORS

Example of project outputs

- 1.) 1 cross-border and inter-health network established
- 2.) 30 health/social workers trained in cross-boreder area
- 3.) 500 persons from rural areas covered by health/social service

Example of project objectives

- 1. To improve the quality of care for citizens in rural areas by developing mobile health care system and social services
- 2. To improve availability of helath and social services through joint networking and training programmes.

Example of programme indicators

- 1.) Number of jointly developed and/or implemented tools and services
- 2.) Number of participants in joint education and training schemes on health and/or social care
- 3.) Population covered with imporved health and/or social care services

FROM OUTPUTS TO RESULTS

Example of programme indicators

- 1.) Number of jointly developed and/or implemented tools and services
- 2.) Number of participants in joint education and training schemes on health and/or social care
- 3.) Population covered with imporved health and/or social care services

Example of project objective/result

- Main objective:** To enhance accessibility and quality of health and social care services provided to citizens living in rural areas in cross- border area.
- Main result:** Improved health and social services relevant to the needs of citizens living in cross-border rural areas.

Example of programme result indicator

The level of accessibility and availability of the services within public health care sector (increase in %)

FROM OBJECTIVES TO S.O.

Example of project objective

To enhance accessibility and quality of health and social care services provided to citizens living in rural areas in cross-border area.

Example of programme specific objective

To improve the quality of the services in public health and social care sectors across the borders.
