

Interreg IPA South Adriatic Monitoring Committee

Written Procedure no. 2

19 June 2023

Decision

The MC acknowledges the outcomes of the Relevance Filter assessment (R.V.) by the JS, NIPs and SC;

The MC approves the scores in the ranking list of the R.V. and the release of project proposals, succeeding the R.V., to the full eligibility and quality assessment;

The MC approves to admit project proposals amounting to 4,5* times the budget available in all priority axis, as recommended by the Steering Committee;

The MC approves the exclusion from the full eligibility and quality assessment of the project proposals without statements and those NOT succeeding the R.V. in P.A. 4.

*more precisely 4,507 as to include also the first project, whose total exceeds 4.500.000 €

Enclosures:

- 01 Relevance filter ranking list
- 02_SC_9Jun23_Minutes_DRAFT

NOTE:

As specified in the call, the relevance filter is the first phase of the project selection procedure, aimed at identifying the most relevant project proposals, to be admitted to a complete project eligibility and quality assessment, while the non-fulfilling proposals are to be rejected. Consequently, the resulting ranking list is to be considered as provisional.
