Project main activities -Expected output/results

Through seminars, workshops, and visits to operational aquaponic facilities, the project will facilitate the exchange of knowledge and best practices on smart aquaponic systems throughout the Programme Area. Additionally, the project will develop and disseminate a Joint Aquaponics Agenda for the Southern Adriatic. This agenda will support SMEs in addressing technical, socio-ecological, and economic challenges, while promoting the adoption of sustainable aquaponics initiatives at both regional and interregional levels.
