

LEC +

LOCAL ENERGETIC COMMUNITY 2

GREEN

LEC + – Local Energetic Community 2 is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

Duration

start date - end date

01.02.2024 – 01.02.2025

Main Goal

The aim of the project LEC + is to improve energy efficiency and renewable energy usage through the development of local community of active energy consumers (LEC), composed by citizens, SMEs, research organizations and municipalities (public-private partnerships), by promoting the creation of sustainable Municipalities models based on local actions inspired by everyday citizens behavior.

Total budget

163.168,40 €

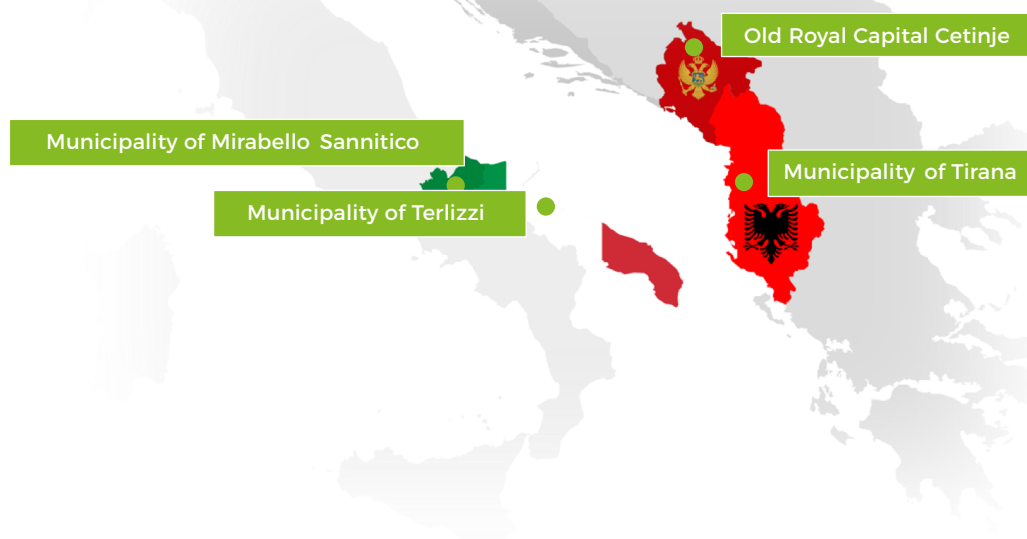

EU funding

134.052,11 €

Project Partners

- **Lead Partner** - Municipality of Mirabello Sannitico **(Italy)**
- **Partner** - Old Royal Capital Cetinje **(Montenegro)**
- **Partner** - Municipality of Tirana **(Albania)**
- **Partner** - Municipality of Terlizzi **(Italy)**

Project main activities -Expected output/results

The main activities of the project are the organisation of seminars where the functioning and benefits of energy communities will be explained. All partners will produce an action plan with guidelines for those who have expressed an interest in creating energy communities or expanding existing ones.
