

Promotion of territorial resilience in the South Adriatic

GREEN

Resilience - Promotion of territorial resilience in the South Adriatic is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

Duration

start date - end date

01.09.2023 - 28.02.2028

Main Goal

Interreg Resilience aims to improve the efficiency of water resource management and civil protection in the Southern Adriatic area, in order to tackle the risks caused by climate change, emergencies and water scarcity. The use of innovative technologies and the strengthening of human and infrastructural skills will make the regions more resilient.

Total budget

4.793.738 €

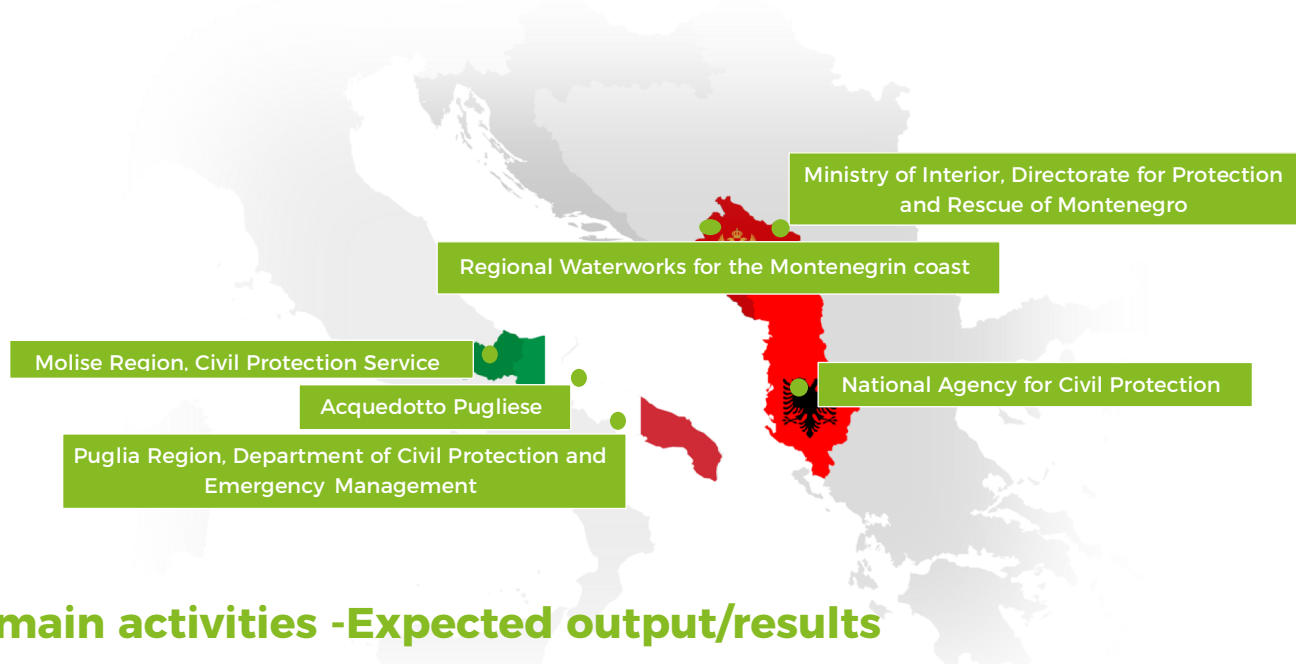

EU funding

3.970.208 €

Project Partners

- **Lead Partner** - National Agency for Civil Protection (**Albania**)
- **Partner** - Puglia Region, Department of Civil Protection and Emergency Management (**Italy**)
- **Partner** - Acquedotto Pugliese S.p.A. (**Italy**)
- **Partner** - Molise Region, Fourth Department, Civil Protection Service (**Italy**)
- **Partner** - Ministry of Interior, Directorate for Protection and Rescue of Montenegro (**Montenegro**)
- **Partner** - Regional Waterworks for the Montenegrin coast (**Montenegro**)

Project main activities -Expected output/results

- Geocatalogue and analytical information on water sources and forest fire hazards.
- New and improved human and technical resources in Albania, Puglia Region, Molise Region and Montenegro.
- Joint Strategy and protocol for water-fire related emergencies
