

EFFORG

Cross border efficient EU-aligned organic control system in the agriculture, fishery and aquaculture sectors

GOVERNANCE

EFFORG – Cross border efficient EU-aligned organic control system in the agriculture, fishery and aquaculture sectors is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

Duration

start date - end date

01.02.2024 - 31.01.2025

Main Goal

The EFFORG main goal is to enhance administrative efficiency at cross-border level, within the alignment process with EU regulatory standards in the organic control system of Agriculture, Fishery and Aquaculture, through the harmonization of procedures and the improvement of digitalization for the benefit of citizens and SMEs.

Total budget

157.522,72 €

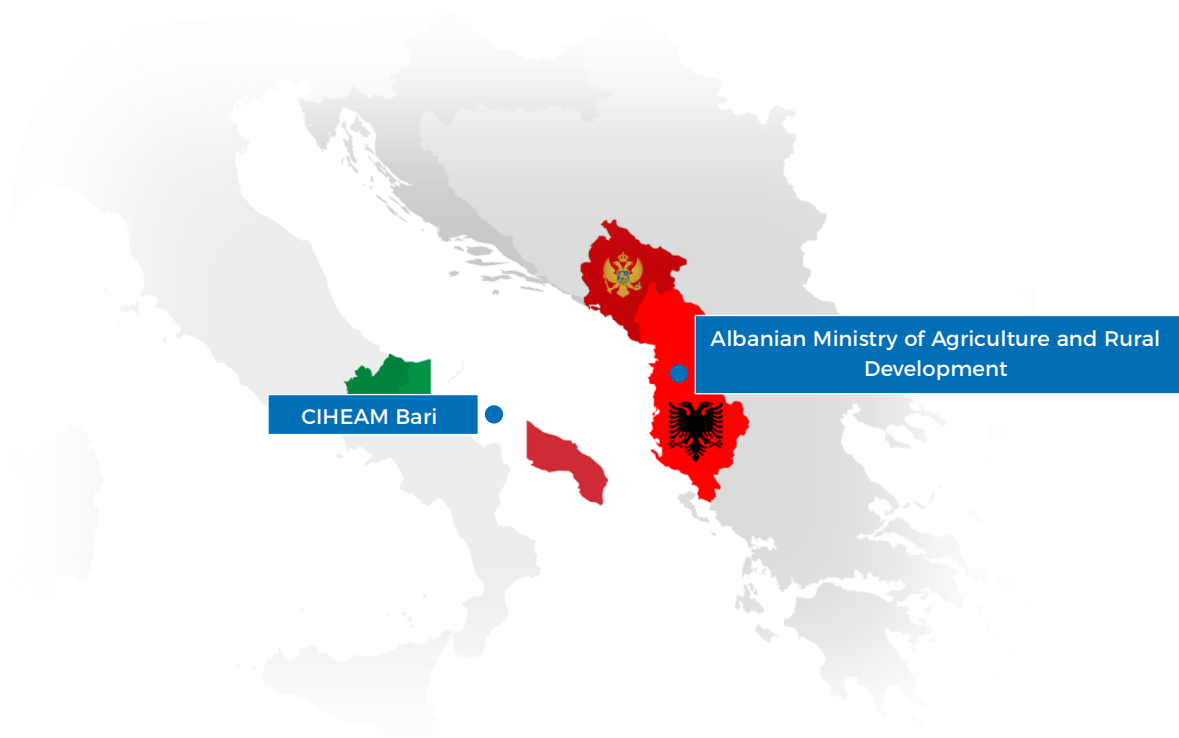

EU funding

129.279,52 €

Project Partners

- **Lead Partner** - Mediterranean Agronomic Institute of Bari - CIHEAM Bari (**Italy**)
- **Partner** - Albanian Ministry of Agriculture and Rural Development - MARD (**Albania**)

Project main activities - Expected output/results

The project aims to unify and strengthen organic control systems across borders in Albania and Italy. Key activities include aligning regulations to support a Joint Strategic Plan, hosting three thematic workshops, conducting two cross-border training sessions, and organizing a study tour in Italy.
